About
You!**

We want to qualify you as a CIA Systems Franchisee. BUT we want you to qualify US before you make an investment in your future. We want you to ask US about the only vehicle security system in today's market that WORKS . . . the only alarm that signals the police! We want you to ask the hard questions about inventory, patent protection, training, advertising, sales promotion and point-of-sale. We invite you to Omnitronics Research Corporation (OTC-ORSC) in Akron, Ohio where you can see a demonstration of the CIA System or we'll bring it to you. CALL US TOLL-FREE 1-800-321-2180 and we'll make arrangements to suit your schedule. **AND WE'LL SEND OUR COMPLETE CIA FRANCHISE KIT OUT TO YOU THAT SAME DAY!**

Yes. I'm interested in learning more about the CIA Systems Franchise Opportunity.
